**Step 2: Prepare to Take the MPT**

Review all rules for taking the test.

**Rules when taking the MPT**

- Do not wear a hat.
- Laptop should be on a desk, not your lap.
- Check the position of your webcam. Your whole face should show on the screen.
- Make sure you have plenty of light in front of you to show your face on screen.
- Choose a room without distractions or people walking by.

Give yourself 2 hours to complete the test. Once you start, you will not be able to save the test until you finish it.

Log into the ALEKS website with your ASURITE and password.

[http://links.asu.edu/mpt](http://links.asu.edu/mpt)

Click “Accept”.

**Information to be Provided to Service**

- **displayName**
- **eduPersonPrincipalName**
- **eduPersonScopedAffiliation**
- **email**
- **givenName**
- **uid**
- **uniqueIdentifier**

Data privacy information of the service

The information above would be shared with the service if you proceed. Do you agree to release this information to the service every time you access it?

Select an information release consent duration:

- **Ask me again at next login**
  - I agree to send my information this time.
- **Ask me again if information to be provided to this service changes**
  - I agree that the same information will be sent automatically to this service in the future.
- **Do not ask me again**
  - I agree that all of my information will be released to any service.

This setting can be revoked at any time with the checkbox on the login page.
Review the Terms of Use and check the box.

Make sure your ASU account is paired with the ALEKS website.
Click “Continue”.

Click “Continue” to go to your MPT class.
Click on the “ASU Math Placement” link.

Next, click through to the survey.

The survey will help ALEKS determine the best math level for your test.

Click “Get Started”
Your answers on the survey do not affect your MPT score in any way.

For Questions 4 & 5, please answer "I don't know."

You will be placed in the appropriate math class for the ASU-USA Pathways class.
Next, you will need to complete the Tools Tutorials.

**THIS IS AN IMPORTANT STEP!**

This will help you understand how to use the graphing tools and how to display fractions and exponents accurately.

Follow the instructions carefully.

During the test, if you are not sure how to input an answer, click the HELP button below the tools.

Now you are ready to take the Math Placement Test. Follow the instructions in Step 3: Take the Math Placement Test.
